

# Disaster Recovery & Business Continuity

The difference between the two, and why you need both.

Presented by Joey Howland

Session #6

---

---

---

---

---

---

---

---

## Grand Prizes

Philips Hue Wireless Lighting Kit

Amazon Echo

---

---

---

---

---

---

---

---

## Terminology

---

---

---

---

---

---

---

---

## Considerations

- Prioritize applications and processes
- Communications
  - Internal & External
  - Electronic
  - Voice
- Location
- Critical Staff
- Printing

---

---

---

---

---

---

---

---

## Where is my information?

- Local servers
- Local workstations
- Offsite datacenters
- Cloud Hosted Applications
- Paper Files

---

---

---

---

---

---

---

---

## Who are my vendors?

- In the event of a disaster, can you recover your essential systems? Who are your vendors and do they have a plan?
- Voice
- Internet Service Providers
- Cloud hosting providers
- Check stock
- Fuel

---

---

---

---

---

---

---

---

## Backup Models

- Traditional File Level Backups
- Snapshots/Images
- Cloud based solutions
- Size of Data
  - How long to backup?
  - How long to restore?

---

---

---

---

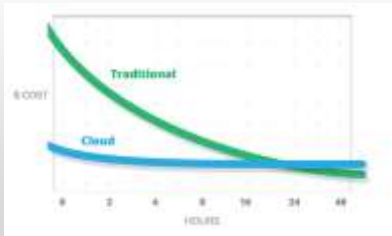

---

---

---

---

## Costs (??)

---

---

---

---

---

---

---

---

## Getting Started

- Templates
- Identify critical systems and data
- Round table

---

---

---

---

---

---

---

---

## Testing

- Frequency of tests
- Validate all components of plan
- Learn from failures
- Modify plan
- Systems and processes change

---

---

---

---

---

---

---

---

## Don't Forget Your Cards!

Philips Hue Wireless Lighting Kit

Amazon Echo

---

---

---

---

---

---

---

---
